Fall Hydronics Training Dates Announced

The Canadian Hydronics Council is pleased to announce that it will be holding its popular 2-day "Introduction to Hydronic Heating Installations" course in several locations this fall:

Oct 21/22	London, ON
Oct 26/27	Toronto, ON
Oct 28/29	Regina, SK (Co-located with the CIPHEX Roadshow!)
Nov 4/5	Vancouver, BC (Co-located with the CIPHEX Roadshow!)
Nov 18/19	Sudbury, ON
Nov 23/24	Ottawa, ON
Dec 9/10	Oakville, ON

The training is suitable for contractors, service technicians, inspectors, wholesale counter staff, manufacturers, designers, engineers, and specifiers who simply want to better understand how components work within the heating system.

Upon completion of the course you will be able to:

- Correctly interpret and apply a hydronic heating design;
- Identify building characteristics that may impact the installation of the system;
- Identify installation issues;
- Correctly integrate the heat source with the system piping;
- Combine, arrange and locate system components;
- Identify and apply applicable codes.

At a price of only \$349 for both days of training, it is great value with limited seating for each course. To download a copy of the registration form, please visit: www.ultimatecomfort.ca/contractors/training.html

The Canadian Hydronics Council is a Council within the Canadian Institute of Plumbing & Heating. CHC's mission is to promote the responsible growth and contribute to the prosperity of its members and their customers in the hydronic heating industry.
